Is there a significant information technology componer	t to this project?				
Yes No					
If you answered yes, please inform your CIO to obtain	advice and support of your IT needs.				

## PLAIN LANGUAGE ABSTRACT

Please describe the proposed project using non-technical language emphasizing the research question and its importance to health care delivery. If you receive the award, this summary description will be posted on the IFPOC public website and will be included in press releases. Ensure that your description can be understood outside your research field. – maximum 1250 characters
What is the innovation and main question or hypothesis for this proposal? – maximum 1250 characters

version P1 11.0 AMO

Please describe how this project will influence the healthcare system or influence patient care? – maximum 1250 characters	
Please describe your knowledge translation plan for the results of this project (how will you share/ disseminate your results and/or spread your innovation)? – maximum 1250 characters

Team – maximum 2000 characters	
Please include the names and affiliations of the team members, with a brief statement of their roles, experience (are any early career investigators?), area(s) of expertise, time commitment and planned contributions to the project	

Approach and Work Plan – maximum 4000 characters (up to approx. 3000 characters on this page, and the balance on page 13) Provide a description of the approach to be used as well as a detailed project work plan.

Approach and Work Plan – Continued.	
Timeline – maximum 1300 characters  Provide a target start date, the dates when each milestone will be completed and the target finishing	
for the project	date

Project Outcome Evaluation Metrics – maximum 2700 characters  Detail the anticipated outcomes and how these outcomes will be measured. Which measurement will determine success? How will you measure it? What is the expected benefit and how will it be measured? How will the IFPOC determine if the project was successful?

Additional Project Funding (only if applicable) – maximum 2000 characters  Elaborate on any supplemental funding for the proposed project including the amount and source as well as any contingencies or other special circumstances.

Other Relevant Information (optional) – maximum 2000 characters Please elaborate on any other items you think important or relevant to the implementation or outcomes of this project.
Has this Project Proposal been submitted and been unsuccessful in a previous innovation fund competition?
